L. Muller, Esq.,
46 W. 49th Street,
New York City

Dear Mr. Muller:-

One of our visitors recently suggested that you might care to consider an invitation to become a member of the American Numismatic Society, because of your interest in our pursuits.

I am very happy in extending you this invitation and hope that it will receive your favorable consideration. The annual dues are but \$5.00 and as a return for this, you will receive the publications of the Society, which usually have a value in excess of that amount. In addition, the privileges of the Museum and its Library are at your disposal, as well as such service as either I or Mr. Wood, our Curator, may be able to render. I enclose a card. Although the Museum is closed for redecorating just at present, we should be glad to welcome you at any time should you care to look further into this matter before acting.

Very truly yours,

Secretary
